Services & Fees

Harborview Realty Group provides three core services to clients across the Austin metropolitan area: Residential Sales, Property Management, and Luxury Home Consulting.

1. Residential Sales

For clients buying or selling a home, Harborview charges a standard commission of 5.5% of the final sale price, split between the listing agent and buyer's agent. There is no upfront fee for sellers; commission is due only at closing.

2. Property Management

For landlords and property owners, Harborview offers full-service property management for a monthly fee of 9% of collected rent, with a one-time onboarding fee of \$250 per property. This includes tenant screening, rent collection, maintenance coordination, and annual lease renewals.

3. Luxury Home Consulting

For high-value properties above \$1,000,000, Harborview offers a dedicated Luxury Home Consulting service, which includes professional staging, drone photography, and a marketing package across premium listing sites. This service is billed at a flat fee of \$3,500, credited back to the client if the property sells within 90 days.
